

IN THE MICHIGAN COURT OF APPEALS

ORDER

Re: **Quixtar, Inc. v Orrin Woodward**
Docket No. **283667**
L.C. No. **07-008413-CK**

Judge William B. Murphy, acting under MCR 7.211(E)(2), orders:

The motion to file appellants' brief and appended exhibits under seal is GRANTED and portions of the file subject to the confidentiality restrictions in the Stipulated Protective and Confidentiality Order of January 11, 2008, shall be SEALED. The Court has determined that in the interests of the parties, good cause exists for sealing the documents that are subject to confidentiality restrictions in the pending arbitration and that there is no less restrictive means to adequately and effectively protect the specific interest asserted. MCR 7.211(C)(9)(e) and MCR 8.119(F)(2).

To the extent that appellee's brief discusses material subject to the confidentiality restrictions in the pending arbitration, the brief and exhibits may be filed under seal without the need for an additional motion to seal.
